

1. Download the GooseChase Android or iPhone app.

2. To get started, create an account. The account should be connected to your email and your username should include your school's name so that we know it is you!

3. Each school will only have **one** login, but you can share the login information with responsible student leader(s) so they can complete missions on their own device.

4. Tap the search icon and enter the game code: **D7V7E5** or search **SONC Unified** **Champion Schools 1,000 Club**

5. Once in the game, you'll be presented with Missions. To complete a mission, select it from the list and hit the "Snap Evidence" button.

6. Make sure you're completing missions accurately! (e.g. "take a picture with a zebra" means take a picture with a real zebra, not next to a zebra on a computer screen)

Points can be deducted if your submission falls short.

Bonus points can also be awarded to missions accomplished in extraordinary fashion!

7. Using the navigation tabs, you can keep track of how you are doing via the activity feed and the leaderboard, see notifications from the game organizer or review (and resubmit) your previous submissions.
8. Don't forget, you can pull inspiration from what other schools are doing or give big thumbs up to the submissions you think are awesome!
9. Most importantly, have fun!
